TERMS & CONDITIONS

1. **ACCEPTANCE.** Buyer shall not be bound by any order until Seller executes and returns to Buyer an acknowledgement copy of Buyer's order or when Seller delivers to Buyer any of the Products ordered therein or renders for Buyer any of the services ordered therein. Seller shall be bound by Buyer's order and these terms and conditions when it executes and returns the order acknowledgement copy, when it otherwise indicates its acceptance of Buyer's order, or when it delivers to Buyer any of the goods ordered therein or renders for Buyer any of the services ordered therein. BUYER'S ORDER EXPRESSLY LIMITS ACCEPTANCE TO THE TERMS AND CONDITIONS STATED HEREIN AND ON THE FACE OF BUYER'S ORDER, AND ANY ADDITIONAL OR DIFFERENT TERMS PROPOSED BY SELLER ARE REJECTED UNLESS EXPRESSLY ASSENTED TO IN WRITING BY BUYER - NO CONTRACT SHALL EXIST EXCEPT AS HEREINABOVE PROVIDED.

2. **SCOPE.** All specifications, drawings and data submitted to Seller with Buyer's order or referred to by Buyer's order are hereby incorporated into Buyer's order by reference and made a part of such order. These terms and conditions, as may be amended from each separate submittal, apply to the purchase by Buyer of all products and/or services ("Product") from Seller as described on the face of the order or other documents referenced on the face of such order. The term Product throughout these terms and conditions includes without limitation, raw materials, supplies, components, tooling equipment and all services. No order is valid unless issued by Buyer on its official, electronic or otherwise generated, order to the Seller with a copy of these terms and conditions attached. If there is an existing master agreement executed by both Buyer and Seller, the terms and conditions of the executed agreement will prevail over the terms and conditions to the extent of any inconsistencies.

3. **CHANGES.** The Buyer reserves the right at any time to make written changes in any one or more of the following: (a) specifications, drawings and data incorporated in it's order where the items to be furnished are to be specially manufactured for the Buyer; (b) methods in shipment or packing; (c) place of delivery; (d) time of delivery; (e) manner of delivery and (f) quantities. If any such change causes an increase or decrease in the cost of, or in the time required for performance of such order, an equitable adjustment shall be made in the purchase price of the order, or delivery schedule, or both. Any claim by Seller for adjustment under this clause must be approved by Buyer in writing before Seller proceeds with such change. Price increases shall not be binding on Buyer unless evidenced by a change order, or revision to the order issued and signed by Buyer.

4. **PRICING. RISK OF LOSS.** All prices payable by Buyer for the Product are stated in the order and include the cost of all documentation and packaging and shall be on the delivery term specified in the order to the specified destination. Except as otherwise indicated through quotation or other discount, prices for Product or services purchased under Buyer's order shall be such prices of Seller which are in effect at the time Buyer submits its order and not at the time of delivery or any other time in the future. Seller warrants (both at the time of order and the time of delivery or performance) that the prices for the Product or services sold to Buyer hereunder are no less favorable than Seller currently extends to any other customer for the same or similar Product or services in similar quantities. If Seller reduces its prices to others for such Product or services at any time prior to delivery or performance, Seller will reduce the prices to Buyer for such Product or services correspondingly. Seller warrants that no additional charges of any type will be added without Buyer's express written consent.

5. **QUALITY.** Seller shall meet all quality requirements of Buyer and all quality requirements of Buyer's customers, including, but not limited to, all applicable specifications, drawings and other contract descriptions, as set forth on the face of the order. The quality of the Product shall be subject to the satisfaction of the Buyer, who shall be entitled to reject non-conforming Product.

6. **PACKAGING. SHIPPING.** All Product covered by the order 100lbs or less, unless otherwise directed by the Buyer or in a writing signed by Buyer's authorized representative, shall use the following shipping method: UPS Collect Account # 75036E. IFS Job Number and Purchase Order Number must be included as reference. All Product covered by this order 100lbs or more, unless otherwise directed by the Buyer or in a writing signed by Buyer's authorized representative, shall use following shipping method:

UPS Collect Account # 42660962. IFS Job Number and Purchase Order Number must be included as reference. Buyer is not responsible for any cost of freight if above mentioned is not followed and Seller shall pay all additional costs related to delivery of the Product. Seller shall be liable for excess transportation charges, delays or claims resulting from Seller's deviation from Buyer's delivery instructions.

7. DELIVERY. The Seller shall make delivery to the specified destination by the promise date stated on the order or as otherwise agreed in writing by the Parties. Time is of the essence and if delivery of Product is not made in the quantities and at the times specified, or rendering of services is not completed at the times specified, Buyer reserves the right without liability, and in addition to all other rights and remedies available to Buyer under applicable law, to take either or both of the following actions: (a) direct expedited routings of Product (in which case any excess costs incurred by reason of the expedited routing shall be paid by the Seller) and (b) terminate such order by notice effective when received by Seller as to Product not yet shipped or services not yet rendered (in which case Buyer may purchase substitute Product or services elsewhere and charge Seller for the excess cost of such substitute Product and services and for any other losses Buyer may incur), including but not limited to all consequential and incidental damages. Neither party shall be liable for excess costs of deliveries or defaults due to causes beyond its control and without its fault or negligence; provided, however, that when Seller has reason to believe that deliveries may not be made as scheduled (specifically including any actual or potential labor disputes), Seller shall give written notice immediately to Buyer setting forth the cause of the anticipated delay. If Seller's delay or default is caused by the delay or default of a manufacturer, such delay or default shall be excusable only if (a) it arose out of causes beyond the control of both Seller and manufacturer and without the fault or negligence of either of them and (b) the Product to be furnished or service to be rendered under the order were not obtainable from other sources in sufficient time to permit Seller to meet the required delivery or performance schedule in the order. Buyer shall have no liability for Product delivered to Buyer which is in excess of quantities specified in its order and delivery schedules. Such Product shall be subject to rejection and return at Seller's expense, including transportation charges both ways. Buyer will not be liable for any material or production cost incurred in excess of the amount or in advance of the time necessary to meet Buyer's delivery schedules. With respect to any Product (or components within such Product) that may be hazardous, Seller shall clearly identify such danger on the external packaging for such Product (and list any appropriate special shipping requirements) and shall provide Buyer (along with the Product) with warning and instruction materials appropriate to warn of the hazard, explain its potential effects and specify the proper manner for handling and using the material.

8. INSPECTION AND ACCEPTANCE. All Product purchased under the order are subject to inspection at Buyer's destination before payment and before acceptance, in each case in Buyer's sole and absolute discretion. In addition, Buyer shall have the right to inspect and test the materials, workmanship and performance of all ordered Product during its manufacture, and if any such inspection or test is made upon the premises of Seller or its suppliers, then Seller or its suppliers shall furnish Buyer, without additional charge, reasonable facilities and assistance to allow a safe and convenient inspection and test. Buyer reserves the right to reject and refuse acceptance of Product which are not in accordance with the instructions, specifications, drawings and data or Seller's warranties (express or implied). Buyer may reject an entire shipment if a sample inspection discloses that the Product inspected are not in accordance with the instructions, specifications, drawings, data or warranties, unless Seller agrees to reimburse Buyer for the cost of a complete inspection of such shipment. Product not accepted will be returned to Seller for full refund, credit or replacement at Buyer's option and at Seller's risk and expense, including transportation charges both ways. No replacement of rejected Product shall be made unless specified by Buyer in writing. Buyer shall not be liable for failure to accept any part of the Product, if such failure is the result of any cause beyond the control of the Buyer. Among such causes, but not definitive thereof, are fires, floods, acts of God, strikes, differences with employees, casualties, delays in transportation, inability to obtain necessary materials or machinery or total or partial shutdown of Buyer's plant for any cause. Acceptance of any part of the Product shall not bind Buyer to accept future shipments, nor deprive Buyers of the right to return Product already accepted. None of the provisions hereof dealing with the acceptance or inspection shall result in a waiver of Buyer's right either to cancel or to return all or any portion of the Product because of failure to conform to Buyer's order with Seller, or by reason of defects, latent or patent, or other breach of warranty. In addition to Buyer's right to cancel or return such defective Product, Buyer may make any claim for damages, including manufacturing costs, damage to materials, or articles caused by improper boxing, crating, or packing and loss of profits or other damages occasioned the Buyer. Furthermore, Buyer specifically reserves the right to rework any such defective Product at its own facilities and to charge the costs of such reworking against Seller. Such rights shall be in addition to any other remedies provided by law.

9. PRODUCT WARRANTY. Seller expressly warrants that the Product: (i) will conform to the specifications, drawings, samples and other description furnished or adopted by Buyer; (ii) will be fit and sufficient for the purpose intended, merchantable, of good material and workmanship, and free from defect; and (iii) will be delivered free of all liens or claims of any nature, and that Seller has good title to same. In the event of a breach of warranty of title, Buyer shall promptly notify Seller, and Seller, at its expense, will defend the title to any affected Product or part and if unsuccessful, will promptly provide to Buyer at no cost to Buyer replacement Product which complies with this warranty. In the event Buyer discovers that the Product fails to conform to specifications of this order, Buyer will give written notice to Seller of the nonconformity. Promptly upon receipt of this notice, Seller, at its sole cost, will correct such non conformity of the defective Product by repair or replacement, at Buyer's option. Seller warrants that the goods and services supplied by Seller but manufactured by others will carry all warranties of the manufacturer and that Seller will promptly assign such warranties to Buyer if permitted there under. Buyer shall be permitted to assign all Seller's warranties to its customers without consent. Seller's warranties shall be for a period of 18 months after the date of delivery of the Product or 12 months after start-up of the Product or performance of any service, whichever occurs first. See order for any additional special warranty requirements.

10. INDEMNIFICATION. SELLER AGREES THAT IT WILL, AT SELLER'S COST AND EXPENSE, WITHOUT REGARD TO
